

LUXURY SPC FLOORING LIMITED WARRANTY

(Revised March 14th, 2024)

This warranty is extended to the original purchaser ONLY and is not transferable. It is the responsibility of the installer and/or home owner to inspect planks prior to installations. Planks that are defective or visually not acceptable, should be discarded or possibly used in another location of the room. Novatek accepts no responsibility for costs of product or labor when planks with visible defects or irregularities have been installed.

IMPORTANT: The SPC installation and maintenance guidelines MUST be followed as a condition for this warranty. Any floor installed outside of printed installation and maintenance parameters is subject to denial of the claim. Detailed installation instructions are included in cartons of the SPC floors.

RESIDENTIAL AND LIGHT COMMERCIAL WARRANTY

This warranty applies to Novatek SPC flooring, purchased from an authorized dealer and installed in a residential or light commercial area. Novatek warrants that the SPC flooring sold under this warranty is, at the time of sale, free from defects in material and manufacturing and that it conforms to the standard specifications for the product category. Novatek further warrants that when installed and maintained according to products specifications and when used according to its intended purpose, the flooring will not wear through, delaminate, separate, buckle or cup as a result of a manufacturing defect.

If your SPC flooring fails for any of the above reasons, Novatek will replace, at its option, a portion or all the flooring at no cost to the original purchaser as long as the original purchaser still owns the property where the floor was installed. The warranty includes replacement materials only and excludes any labor costs. The SPC warranty is only extended to flooring maintained in normal environmental conditions, meaning that the heating and ventilating systems are working to maintain an interior humidity level between 30% to 50% and a room temperature between 65°F to 85°F year round.

WARRANTY PERIOD

The SPC flooring is warranted to be free from manufacturing defects for lifetime in a residential application and for 12 years in a light commercial application.
